DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In lines 3-4, Page 1 of the specification, the recitation "co-pending application No. (Attorney Docket No. P15921)" should be --co-pending application No. 10/673,803--.

Statement of Reasons for Allowance

Claims 1, 3, 5-9, 11, 13, 15-19, 21 and 22 are allowed.

As indicated in the previous Office Action, the following is an examiner's statement of reasons for allowance: the best prior art of record, Justice et al. taken alone or in combination of other references, does not teach or fairly suggest "a second switch", as set forth in the claims.

It is noted that the co-pending application, 10/763,803 has been compared with this application for any possible double patenting issue. The recitation "a second switch" as set forth in the claims distinguishes from the copending application and is patentably distinct.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
